

25th Anniversary

February 2008

SERVO-ROBOT celebrates 25 Years Of Service to the Welding and Robotics Industries!

Dear Customers,

Servo-Robot is celebrating our 25th year of service to the industry! We are proud to have been working on the cutting edge of robotic welding, sensing and tracking since 1983.

Although we have grown, our focus is still to provide the best and latest in technology and automated solutions to our customers.

Thank you for being a valued part of our past and present. We look forward to working with you in the future!

Tradeshaw News: *Weld India 2008 Recap*

Servo-Robot participated in Weld India 2008, January 8-10. It was an exciting opportunity to make new contacts in India. Mr. Jeffrey Noruk, President of Servo-Robot Corp., USA and Mr. Alex Sartor, Customer Service Coordinator attended showing demos of the AUTO-TRAC and DIGI-TRAC products. Our products were well received. We are confident we can offer automated welding solutions for a variety of industries in India and Weld India was a positive experience.

Ohio State Welding Engineering Open House
Columbus, Ohio USA - February 8

Schweissen & Schneiden India (Essen)
Hall 7, G02
New Delhi, India- February 13-15

Tube Düsseldorf
Hall 7.1, G46
Düsseldorf, Germany - March 31-April 4

Japan International Welding Show
Osaka, Japan - April 9-12

ALAW Conference
Plymouth, Michigan USA - May 13-15

Beijing Essen
Beijing, China - May 14-17

Automatica 2008
Space B2-509
Munich, Germany - June 10-13

Product Feature: *The WeldSure™ Concept*

The WeldSure™ Concept is an adaptive welding system that checks the location of the joint before the weld is made, adjusts the wire position and welding parameters as required and inspects the bead to ensure conformance to specification. This system then feeds the information to a database so it can be evaluated and improvements made.
